

# Boost Your Team's Performance with WCG Avoca Training

WCG Avoca offers training programs on a variety of topics to support clinical research professionals in their roles to provide high-quality clinical trials.

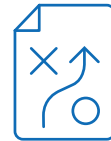

In order to offer our clients flexibility, customization and convenience, WCG Avoca offers three delivery methods of our training tools:

**On-Demand  
Web-Based Training**

**Live Training  
Workshops**

**Custom Training  
Content**

## **On-Demand Web Based Training**

On-demand web-based training programs are easy to deploy and save time and money. Interactive lessons ensure attendees are engaged and comprehending key information.

WCG Avoca training programs utilize the InvestigatorSpace training platform.

InvestigatorSpace is designed by a team of software engineers specifically for use in the pharmaceutical and clinical trial fields and is used globally by industry professionals at clinical sites, sponsor, and research organizations. Comprehensive Training Reports are available for training monitoring and audit history, and training certifications are available for download by end-users.

**Popular Training Topics:** Sponsor Training, Site Training, Regulatory, Inspection Readiness & More

**AQC\* Member Advantage: 10% Discount on all on-demand training**

\*Avoca Quality Consortium

## Live Training Workshops

WCG Avoca fit-for-purpose training workshops are led by WCG Avoca's Senior SMEs, industry experts with 25+ years of experience across Clinical Operations, Quality Assurance, and related disciplines. Workshops include but are not limited to, practical information for applying and complying with GCP guidelines, training sessions to ensure a common understanding of QTLs, and inspection readiness training as part of Mock Inspections.

**Popular Training Topics:** GCP Training, QTL Training, Partnership Assessment and Training, Inspection Readiness Training & More

*AQC Member Advantage: Live training workshops will incorporate references to the AQC Knowledge Center identifying materials to support compliance and applying leading practices*

## Custom Training Content

WCG Avoca designs customized training content aimed to help you build and retain a team that is well versed in those areas most important to your specific clinical trial execution needs. All developed training assets are easily integrated into already established learning management systems for future use.

*AQC Member Advantage: Gain access to tools, templates, and leading practices needed to conduct clinical trials to ensure proactive quality management and inspection readiness*
